

**About
New England Healing
Sports Association**

NEHSA was founded in 1972 as a non-profit organization run by and for individuals with physical disabilities who wanted to enjoy active and independent lives through participation in sports. In 1994, the winter program was expanded to include ski instruction for individuals with developmental disabilities. Today, our program's goals are to encourage positive attitudes, social opportunities and personal growth through the challenges that participation in outdoor sports and recreation offers.

NEHSA offers year round activities such as snow sports (Alpine downhill skiing, snowboarding and Nordic) and summer sports (kayaking and paddle boarding). More than 10,000 hours of sports lessons were taught by over 300 highly trained volunteer instructors during this past year, and NEHSA is the proud host of several dedicated adaptive sports training events for Veterans annually. NEHSA serves all disabilities.
